OLEY VALLEY AREA HIGH SCHOOL

Oley, Pennsylvania

FOREWORD

We, the Class of 1961, have selected Beatnik Aire as the theme for our yearbook. Various school activities are portrayed in typical Beatnik fashion. Joining the so-called Beat Generation is undoubtedly a mere passing fad, yet public interest and artistic possibilities seemed to justify our theme choice.

All eras have had those who reject contemporary society. Beats use endless talk and exhibitionism as their weapons against the world and present-day materialism. We are in no way paying respect to Beatniks, full-time or part-time, for we realize it is the rest of humanity who will contribute what is worthwhile to our society.

If you will keep these few thoughts in mind, we trust you will enjoy all features in this **Olean** of 1961.

DEDICATION

We, the graduating class of 1961, are pleased to dedicate our yearbook to Mrs. Thelma Erb, teacher of social studies. We wish to express our thanks and gratitude for her help and guidance over the past years to many members of our class. Highly regarded by all students as one of Oley High's outstanding teachers, Mrs. Erb has also served in the capacity as yearbook advisor for the seniors of our school for the past thirteen years. Therefore, we, the class of 1961, feel that her years of service as a teacher and as a yearbook advisor are indeed worthy of this dedication.

"Best wishes for success and happiness!" How many times will this or a similar expression be written in your yearbooks as they are autographed by your classmates and teachers?

Success and happiness in life are a matter of making the right choices. Many times a day you choose to do something or not to do it. You may blame others, you may blame conditions, and you may even fool yourself; but generally you choose your own success or failure.

Choosing may become a habit. You may choose wisely what you dream about and what is right and best for you, or you may choose to follow the crowd. Many people do. However, you cannot avoid responsibility for your choice if you let the crowd decide, because you choose to follow.

You can choose to think things through or to obey an impulse—to do things that bring joy and happiness in the long run, or to do those things which bring sorrow and regrets in the years to come. You may choose what you plan to accomplish in life and decide how hard you will drive toward achieving it. You can choose plain living and high thinking, or you can just exist from day to day. To a surprising degree you can choose your health, wealth, and happiness.

Choosing is a great privilege. We trust your experiences at Oley Valley High School will help to guide you wisely in your choices. Best wishes to the staff of the Olean and every member of the Class of 1961!

—Walter A. Rohrbach
Supervising Principal

ADMINISTRATORS

Congratulations graduates!

Those habits and skills and ideas of life which you have accumulated from your home, church and school experiences over the past eighteen years now become the basis for the beginning of a responsible life.

By the time you pick up this book again to refresh your memory about forgotten classmates, you will very likely be established in the way you will live out your life.

Therefore, we urge you to plan—plan well—don't let life just happen to you. Plan in depth—plan long—then, when short-term plans go awry, they will serve you as a good experience rather than a bitter defeat.

This is your American heritage—to be what you care to be.

Best wishes for happiness and success.

brunette...enjoys eating steaks
but not turnips...likes red but not
conceited people...future secretary.

LEROY S. ZIMMERMAN—"Zim"
—General—December 25, 1943—
This lad has red hair and gray eyes
...can often be seen playing a
good game of baseball or eating
steak...likes the color green but
not people who think they are
superior.

LINDA E. HARTZ—"Tex"—Com-
mercial—October 9, 1943—Linda
came to our school in January and
previously attended Irving High
School in Dallas, Texas...cheerlead-

mind of this red-haired lass...pre-
fers people who wear a smile since
she always does...future as a legal
secretary.

We, the Olean Staff, would like to express our congratulations to our soccer team of 1960. This has been the first time in nineteen years that the Berks County Championship title has been bestowed upon our school's soccer team. Through the course of their season, they lost only one league game, tied three games, and won six. They went on to victory in their first District Playoff game, but only after a close battle did they concede the record.

The team's superb coach, Mr. Robert Bright, not only did an excellent job coaching our boys, but was also chosen "coach of the year." In addition four of the eleven members of the Berks County All-Star Soccer Team were chosen from our team.

HOCKEY
